**Be three
times better**

A better
way forward

Fujitsu UVance
The modern manufacturing triangle

Change making for good
A holistic approach to digital transformation is key for forward-thinking manufacturers looking to achieve sustainable growth in the years ahead. Fujitsu and SAP can enable you to deliver sustainability everywhere it matters: for your business, for your people and for the planet. Here's how we can help in each of those three areas.

For your people
Fujitsu and SAP will support your people through Industry 4.0 changes.

For your business
Fujitsu and SAP will digitalize your core to increase efficiencies and deliver sustainable growth.

For the planet
Fujitsu and SAP will enhance your digital capability and help your organization limit waste.

Sustainable manufacturing

Smart business
Increase data collaboration to spark innovation
Smart digitalization to create new products faster
Data to minimize asset downtime
Future-proof supply chain
Ability to address the late
to incre

One solution,
three benefits.
