for business.

Experience the newest generation of Fujitsu LIFEBOOKS

Don't worry, work happy!

Hi everyone, I'm Brian. As most of you already know, our mission at Fujitsu Client Computing Devices is to give you the devices that fit your individual needs to work happy. The way people work is constantly changing, remote working is essential to ensure the productivity and creativity of employees.

That's why we developed a new generation of LIFEBOOKS that will fit your individual needs and create a unique workflow, no matter the sector you're working in. So you can pick up your happiness to go.

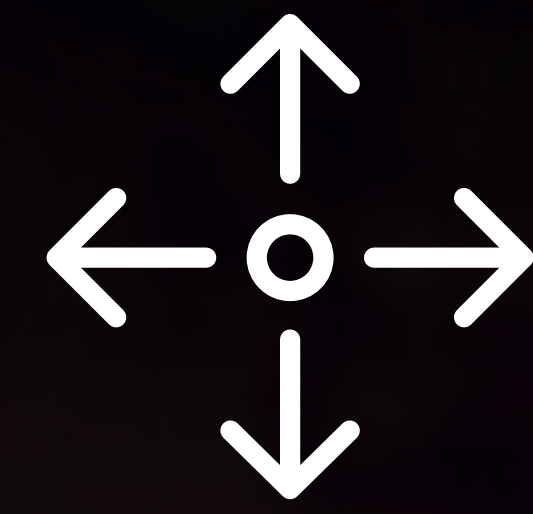

Fujitsu LIFEBOOK U5313X

Time to unfold your mobile working power.

Convert your happiness with the LIFEBOOK U5313X. All features will boost your worry-free workflow to the max, no matter if you use this awesome device as a tablet or in laptop mode.

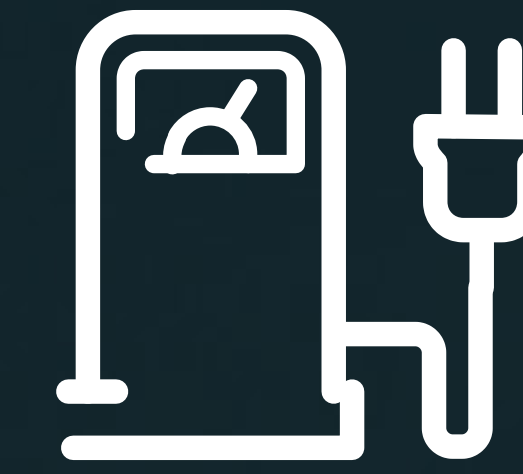

Fujitsu recommends Windows 11 Pro for business.

Flip to a new ratio of freedom

Where do you want to work? You tell us! Experience the freedom of the 2-in-1 convertible with the 16:10 ratio.

More power for your work-life balance

Thanks to the low-power LCD option, the battery holds up for your important things, even when the work is done.

Write your own rules with pen support

Time to take creativity into your own hands. The AES Pen charges within seconds, and is stored safely in the integrated pen-garage.

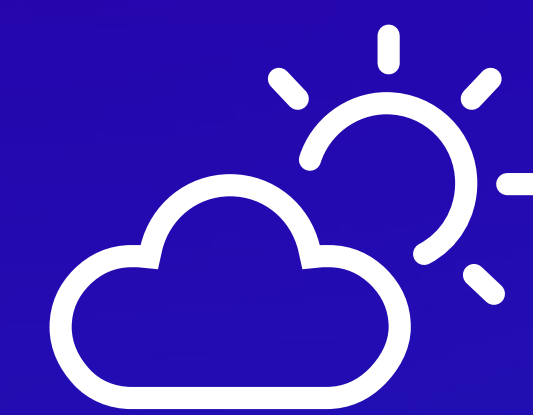

Fujitsu LIFEBOOK U9413

Office is where your heart is.

Experience the future of flexible productivity and unleash your freedom to work anywhere. Get your hands on the Fujitsu LIFEBOOK U9413 today and embark on a journey of boundless possibilities thanks to an ultra-lightweight design and an even bigger screen with a 16:10 ratio in a clean modern silver-white design.

**The right time to
work happy? Anytime!**

Modern times, modern
device, modern work style.
With this state-of-the-art
LIFEBOOK we give you
the most freedom for
happiness.

Fujitsu recommends
Windows 11 Pro for business.
